PROFESSIONAL SUMMARY

UI/UX and Web Designer with 2+ years of experience designing responsive websites, web applications, and mobile interfaces. Skilled in user-centered design, wireframing, prototyping, user flows, and converting design concepts into responsive web experiences using HTML5, CSS3, Bootstrap, and modern design tools.

Experienced in creating cross-browser compatible designs, collaborating with developers, and delivering user-friendly digital products from concept to implementation. Strong understanding of UX principles, responsive design, design systems, and AI-assisted design workflows. Passionate about creating visually engaging and SEO-friendly web experiences that solve real user problems.

CORE SKILLS

UI/UX & Web Design:

User-Centered Design, UX Research, Usability Testing, Interaction Design, User Flows, User Journey Mapping, Wireframing, Prototyping, Design Systems, Responsive Web Design, Mobile-First Design, Cross-Browser Compatibility, Website Redesign, SEO-Friendly Design Principles

Tools & Platforms:

Figma (Advanced), Framer, Webflow, Adobe Photoshop, Adobe Illustrator, Adobe XD (Basic), GIMP, Scribus

Frontend Development & Handoff:

HTML5, CSS3, Bootstrap, Tailwind CSS, JavaScript, jQuery, Responsive Layout Development, Design-to-Development Handoff, Developer Collaboration, Frontend Prototyping

AI-Assisted Design:

v0.dev, Lovable, ChatGPT, Claude, Gemini, GitHub Copilot, Antigravity

Soft Skills:

Problem Solving, Communication, Collaboration, Adaptability, Critical Thinking, Time Management, Continuous Learning

PROFESSIONAL EXPERIENCE

UI/UX Intern | Foodo.ai (UK-based) | 2026 – Present

- Designed responsive web and mobile interfaces for restaurant technology platforms.
- Created wireframes, user flows, prototypes, and high-fidelity designs.
- Collaborated closely with developers during implementation and design handoff.
- Improved usability through iterative testing and design refinements.

UI/UX Intern | µLearn Community | 2025 – 2026

- Designed wireframes, prototypes, and user flows using Figma
- Improved UI based on usability feedback and iterative testing
- Contributed to design systems and collaborated with developers on interaction patterns

Social Media Intern / Designer | K-DISC – Vijnana Keralam (Govt. Initiative) | 2025 – 2026

- Designed digital creatives for public initiatives and job fairs
- Maintained consistent branding across campaigns and platforms
- Delivered visually engaging content for large-scale outreach programs

UI/UX & Graphic Designer | Yugalinks Global Connect Pvt. Ltd | 2024 – 2025

- Designed responsive web and mobile interfaces aligned with business requirements
- Created wireframes, storyboards, user flows, and interactive prototypes.
- Collaborated with developers to ensure accurate design implementation
- Maintained consistency across desktop, tablet, and mobile experiences.

Graphic Designer / Design Intern | Inovus Labs IEDC | 2023 – 2025

- Designed posters, banners, brochures, and digital assets for events and programs
- Supported branding for innovation-driven initiatives
- Delivered consistent visual communication across platforms

PROJECT HIGHLIGHTS

NeuUX AI – UX Intelligence Assistant

- Designed an AI-powered system to generate structured UX outputs (personas, journey maps, workflows)
- Focused on reducing manual UX documentation effort and improving decision-making speed

MEDICO – OP Management System

- Designed a hospital workflow system to improve patient flow and reduce queue confusion
- Implemented structured token system and admin-based workflow management

EDUCATION

- **Bachelor of Computer Applications (BCA)** -Kristu Jyoti College Of Management And Technology (2023 - 2026)
- **Plus Two** – St. John The Baptist Higher Secondary School (2021 - 2023)
- **SSLC** – St. Therasas Girls High School (2021)

WORKSHOPS & KNOWLEDGE SHARING

- Conducted UI/UX workshops for college students
- Taught UX principles, user flows, and Figma fundamentals
- Delivered sessions focused on practical design thinking

KEY ACHIEVEMENTS

- Featured in **The Times of India** (HR Elevate 2025) for design contribution
- Delivered multiple UI/UX workshops for students
- Designed production-level creatives for MSME and business initiatives

ADDITIONAL INFORMATION

- Comfortable working with remote and cross-functional global teams
- Strong interest in AI-driven product design and system thinking
- Continuously learning and adopting emerging design tools and technologies
